EXPLANATION OF DEED OF GIFT

The purpose of this agreement is to indicate transfer of ownership to the Swenson Center and to assist the staff in determining your wishes as a donor.

We strive to make all of our collections open and available for research and appreciate unconditional donations. We also recognize that donors may wish to restrict access to some items for a specified time. We ask that you make your wishes known to us in writing prior to submitting this form.

Please note that not every item in a collection is of sufficient historical value to warrant the cost of permanent retention. The archivist/librarian must review the contents of each collection to determine what material is of truly substantive nature and what items are duplicative.

We appreciate your donation and understanding of these policies at Swenson Swedish Immigration Research Center.

*Please consider including a monetary donation along with your materials, if you are able. The cost of storing, preserving, and making collections available for research in perpetuity is very high. **Thank you for your consideration.***
